You can answer that special call through your generous giving to the **Annual Catholic Appeal**. Take some time now to decide how you will show your support, and what your gift will be this year.

The Annual Catholic Appeal is about being Catholic and recognizing there are priests and deacons to be trained, social services for the needy and poor to be offered, Catholic schools to sustain and grow, retired priests and nuns to support and so much more! Reasons Why the Pro-Life Movement Will Win! (Part II)

(1) In Constitutional history, the rights of oppressed groups, such as women and blacks, have eventually been vindicated. As more evidence was presented to the Courts, they reversed prior decisions. In recent cases, more evidence is being admitted showing not only the unborn child's humanity, but also the harm abortion does to women and the pain the child suffers during an abortion.

(2) There is a growing mountain of medical, psychological and sociological evidence that abortion harms women and families. There is also more research linking abortion to higher incidences of breast cancer, mental illnesses, infant mortality in subsequent pregnancies etc.

(3) Another sign of victory is that the other side has run out of arguments. In the years prior to Roe v Wade, abortion advocates assured everyone that legalized abortion would reduce child abuse, reduce teen and strengthen families. After four decades, it is clear that abortion has significantly compounded these problems.

(4) The last several years have seen unprecedented legislation for the unborn child. On the Federal level, for the first time, an abortion procedure (so-called partial-birth-abortion) has been declared illegal. Legislation has also been passed to protect the unborn after a botched abortion and to protect the unborn from acts of violence other than abortion. On the state level, laws have also been passed to try to reduce the staggering number of abortions.

(5) The evil inner workings of abortion are being highlighted. Abortion advocates have said for years that they want abortion to be "safe and legal", but this is a lie. Crimes of abortion clinics are increasingly being exposed and include medical malpractice, sexual abuse, falsifying medical records etc. What's more, the abortion industry creates a safe haven for sexual predators and statutory rape. For more details, see www.childpredator.com.

(6) When pregnant women get out of their cars and walk nervously toward the abortion clinic, they increasingly encounter a "sidewalk counselor"---a regular person, armed with only love and with information the abortion clinic does not want them to know. Frequently, after a short conversation, the counselor will take them to a crisis pregnancy center, where the mother will see a crystal-clear, ultrasound image of her baby. Once expectant mothers see their babies, they invariably choose LIFE.

Finally, the reason why we will win is that by His Resurrection, Jesus conquered death. Thus, we do not cower before the culture of death; rather, we stand before it with victorious confidence!

From Matthew Kelly (DynamicCatholic.com)

Each Sunday, when I walk into Mass, I pray, ***GOD, show me one way in this Mass I can become the-best-version-of-myself this week!*** God never fails to respond to this prayer. So each week I write down the one way I sense God is challenging me to grow, change, and become all he created me to be.

RAZONES POR LAS CUALES EL MOVIMIENTO "PRO-LIFE" SI GANARA! (PARTE II)

(1) En la historia constitucional, los derechos de grupos oprimidos, como las mujeres y las personas de color, eventualmente han si justificados. Entre más evidencia fue presentada a las cortes, previas decisiones fueron invertidas. En casos recientes, más evidencia ha sido permitida mostrando no solo la humanidad del niño-por-nacer, sino que también el daño que un aborto causa a la madre y el dolor que el niño sufre durante el aborto.

(2) Hay una montaña creciente de evidencia médica, psicológica y sociológica que el aborto daña a la mujer y a las familias. También hay más investigaciones vinculadas a el aborto y al número superior de incidentes de cáncer de los senos, enfermedades mentales, mortalidades infantiles en embarazos posteriores, etc.

(3) Otra señal de victoria es que el otro lado acabó con sus argumentos. En los años posteriores a Roe v. Wade, los que abogaban por el aborto aseguraban que el aborto legal reduciría el abuso de niños, reduciría los embarazos juveniles y fortalecería a las familias. Después de cuatro décadas, ésta claro que el aborto ha empeorado estos problemas significativamente.

(4) En los últimos años se ha visto legislación sin precedentes para el niño-por-nacer. Al nivel federal, por primera vez, un procedimiento de aborto (llamado aborto parcial) ha sido declarado ilegal. Legislación también ha sido aprobada para proteger al niño-por-nacer después de un aborto fallido y para protegerlo de actos de violencia además del aborto. Al nivel estatal, leyes han sido aprobadas para intentar reducir el asombroso número de abortos.

(5) La maldad interna de los funcionamientos del aborto estan saliendo a la luz. Los que abogan por el aborto han dicho por años que desean que el aborto sea "seguro y legal", pero eso es una mentira. Los crímenes de las clínicas de aborto se están exponiendo cada vez mas e incluyen negligencia medica, abuso sexual, falsificación de archivos médicos, etc La industria del aborto además crea un refugio seguro para los depredadores sexuales y para la violación legal. Para mas detalles, vea www.childpredator.com

(6) Cuando las mujeres embarazadas salen de sus coches y caminan nerviosamente hacia la clínica de aborto, con frecuencia se encuentran con un "consejero de acera- sidewalk counselor"—una persona normal armada solo con amor y con información que la clínica de aborto no quieren que las madres conozcan. Después de una corta conversación, frecuentemente el consejero las llevara a un centro crisis de embarazo donde la madre podrá ver una cristalina imagen de ultrasonido de su bebe. Una vez que las madres embarazadas ven a sus bebes, ellas invariablemente escojen LA VIDA.

Finalmente, la razón por la cual si ganaremos es que por Su Resurrección, Jesús vencio a la muerte. Así que nosotros no nos acobardemos ante la cultura de muerte, si no que con confianza victoriosa nos enfrentemos ante ellos!
